Leather thickness 2.8 – 3.0 mm, breathable and waterproof with GORE-TEX® Performance, cut protection class 2, leg height 22 cm, sole 028

**Available sizes: UK 6 – 12**

603112

HAIX® Climate System

HAIX® 2-Zone Lacing

## Upper Material

Suede leather, hydrophobized, breathable, 2.8 – 3.0 mm thick

## Cut Protection

Class 2 cut protection (24 m/sec).  
Conforming to EN ISO 17249:2013

## Inner Lining

GORE-TEX® Performance; waterproof and breathable. Abrasion-proof lining fabric with fleece inner layer. Optimized climate comfort for all seasons.

## Plastic/fleece insole

Moisture absorbent, anti-torsion design for outstanding stability, reducing point pressure (from stones, etc.)

## HAIX® Protective cap

Anatomically designed, wide cushioned toe cap

## Foot bed

Comfortable, impact-absorbing and moisture-wicking. Separate heel cup ensures optimized cushioning and foot guidance.

## Sole

Sturdy VIBRAM rubber/PU sole with rugged profile and abrasion-proof. The lightweight PU cushioning guarantees excellent impact absorption and proper toe-to-heel movement. The non-marking outer sole is resistant to heat, fuel-oil. Conforming to EN ISO 20345:2011.

## HAIX® Climate System

The HAIX® Climate system uses the pumping movement, which permits air circulation with every step – warm air is released and fresh air comes in through the vent holes at the top of the boot.

## HAIX® 2-Zone Lacing

Two Zone Lacing System enables a separate adjustment of the boot to the foot and leg area.

## GRIP+ Spikes

Metal spikes that screw into the shoe sole provide extra grip and prevent slipping on branches and felled tree trunks.

## Other features

Anti-friction lacing elements, no side seams, sturdy sole edge, with rubber toe and heel protection for prolonged service life, surrounding rubber edge strip for stabilisation - protection against stones, spikes, etc.
